

CASE STUDY:

Healthcare Provider Needing Help

Client Challenge:

A new venture providing vaccination services needed an external partner to manage their HR. A week before their launched, their plans for handling HR, payroll, and workers' compensation insurance fell through.

Employer Advantage Solution:

We provided a team of professionals to create needed HR documents, policies, and procedures. Our team customized an HRIS system, procured a workers' compensation policy, setup payroll and onboarded 50+ employees within a week.

Business Impact:

The client saved over \$100,000 in salary and was able to begin operations within their original timeframe, which allowed them to saved their initial contracts worth more than \$120,000.
